

Together, we create life-changing wishes for children with critical illnesses right here in Maine. For each travel wish, we pack travel bags filled with new items from our Wish Closet for each wish child and their siblings (ages 2 ½ -18). For gift-type wishes we include special “enhancement” items for each wish kid and their siblings. We greatly appreciate all of the support from our community to keep the Wish Closet stocked with goodies!

Wish Closet Wish List
